1454 Halsey Way
Carrollton, TX 75007

To Whom It May Concern:

I am writing to recommend MRB Contractors for their roofing services. Recently, MRB Contractors completed a new roof on our Viva Railings office building in Carrollton. We were looking for a local roofing contractor in the DFW area. Casey Sneed and Matt Hines were very knowledgeable and confident while explaining how they would solve our roofing issues.

Their team was hands on the entire time. We regularly saw members of MRB crew out monitoring the work being done. They followed through on all of our requests and ensured that all the requirements for completion of the job were met.

I would highly recommend MRB Contractors as a trustworthy and respectable company for any roofing projects.

Sincerely,

Nancy Johnson
