

LIBERTY

Christian School

December 10, 2019

To Whom It May Concern:

It has been a pleasure working with MRB Contractors. They recently completed a new roof at Liberty Christian School in Argyle, Tx. They exceeded my expectations and I would highly recommend them for anyone with roofing needs.

Everyone I have dealt with at MRB is very professional and easy to work with. Matt Hines and Casey Sneed are extremely knowledgeable and were able to provide us with all the roofing solutions needed.

I've been with Liberty for a total of twelve years and was involved with the design, construction and relocation of the Denton campus as construction manager of the overall project. MRB is definitely a standout partner when it comes to performing safe and consistent results, especially while customers operations are ongoing.

Having been in the construction industry since 1980 and now being on the owners' side of the equation the site supervision and crew level mechanics are some of the best I've seen. I've worked with many roofing companies doing both new and retrofit applications. I would certainly look forward to working MRB anytime in the future.

Sincerely,

Steve Bosley

Director of Facilities
